C3 Touch

Comments Concerns Compliments

Love Your Customer!

Help your customers connect— *when, where* and *how* it's most convenient for them—with the social media & new technology they access every day.

Connect. Listen. Respond. Evolve.

C3 Touch—your hosted solution for engaging your most critical partners.

What Is C3 Touch?

C3 Touch is a hosted software solution that lets your customers communicate with you anywhere, anytime through your own website, Twitter or Facebook.

They simply click on your C3 Button and, immediately, they're connected to you—sharing what's on their mind.

Why a Hosted Solution?

Reduced cost. Increased storage. Highly automated. MOBILE.

if they can access the Internet, customers can share their comments, concerns and compliments with you. C3 Touch captures and organizes their remarks and lets you respond with *speed*.
